

The following tank mixes are supported for physical compatibility with BASILICO at recommended rates of use and will mix in the sprayer tank.

No tests have been undertaken on crop safety or product performance, therefore use is at users own risk.

Before using any tank mixture, consult and comply with the recommendations of the partner products.

Each product should be added separately to the bulk of the water in the spray tank and thoroughly mixed before adding the next chemical.

Always use constant agitation of the sprayer tank during mixing, transportation and application. Spray immediately.

PLEASE NOTE:

The following tank mixes are supported for physical compatibility with BASILICO at recommended rates of use and will mix in the sprayer tank. No tests have been undertaken on crop safety. Provided that all product recommendations are adhered to BASILICO may be applied in mixture with the following pesticides:

Comet 200

Opera

Butryflow

Dow Shield

Dual Gold

Milagro 240OD**

Peak*

Samson Extra

Samson Extra¹ + Diva

Samson Extra + Gyo

Mavrik

*When BASILICO is tank mixed with Peak, a non-ionic adjuvant does NOT need to be added.

**When BASILICO is tank mixed with Milagro 240 OD, an esterified rapeseed oil does NOT need to be added.

***All Nutrel trace elements are tested/supported by Nutrel.

BASILICO is INCOMPATIBLE with Nutrel Maize Micro Booster

BASILICO is a registered trademark of Life Scientific and contains mesotrione.

All other product trademarks are those of other manufacturers where proprietary rights may exist.

Use plant protection products safely. Always read the label and product information before use.

For further product information including warning phrases and symbols refer to www.lifescientific.com or email infoUK@lifescientific.com

Tank mix sheet produced
18th December 2020.

The following trace elements can be mixed with any existing 2-way tank mix including BASILICO. The trace element part of the tank mix should be added to the sprayer tank last with constant agitation and the mixture sprayed without delay.

Headland Jett

Headland Maize Micronutrient Complex

Headland Stag
