## TANK MIX SHEET

## DIFENOSTAR

The following tank mixes are supported for physical compatibility with DIFENOSTAR at recommended rates of use and will mix in the sprayer tank.

No tests have been undertaken on crop safety or product performance, therefore use is at users own risk.

Life Scientific will support the physical compatibility of 2 or 3 way tank mixes of DIFENOSTAR with any of the fungicides, herbicides or insecticides listed below.

### NOTES:

Life Scientific will not support an autumn 4 way tank mix of DIFENOSTAR with an insecticide.

Before using any tank mixture, consult and comply with the recommendations of the partner products. Each product should be added separately to the bulk of the water in the spray tank and thoroughly mixed before adding the next chemical.

Always use constant agitation of the sprayer tank during mixing, transportation and application. Spray immediately.

**PLEASE NOTE:**

The following tank mixes are supported for physical compatibility with DIFENOSTAR at recommended rates of use and will mix in the sprayer tank. No tests have been undertaken on crop safety. Provided that all product recommendations are adhered to DIFENOSTAR may be applied in mixture with the following pesticides:
