KEEP AWAY FROM FOOD, DRINK AND ANIMAL FEEDING STUFFS.

KEEP OUT OF REACH OF CHILDREN

DO NOT RE-USE CONTAINER for any purpose

DIRECTIONS FOR USE

IMPORTANT: This information is approved as part of the Product Label. All instructions within this section must be carefully read in order to obtain safe and successful use of this product.

PROBE is an adjuvant for use with all authorised herbicides in cereals, ornamental plant production, amenity vegetation, natural surfaces not intended to bear vegetation, permeable surfaces overlying soil, and industrial and amenity areas. Weed control is not obtained by using PROBE alone. When used in cereals, PROBE may be tank-mixed with all authorised plant protection products. When using PROBE with an authorised plant protection product, the statutory conditions of use of the plant protection product must be followed. Do not use PROBE with an authorised plant protection product later than GS 52 in cereals.

Shake well before use.

The maximum concentration of PROBE in the spray solution is 1.0%.

Store well away from seeds, fertilisers and animal feeding stuffs in a safe, dry place designated as an agrochemical store.

PROTECT FROM FROST

COMPANY ADVISORY INFORMATION

This information is not part of the approved label under Regulation (EC) 1107/2009 but provides additional company advice on the product use.

CONDITIONS OF SUPPLY

All goods supplied by the company are of good quality and we believe them to be fit for purpose. However, as we cannot exercise control over their storage, handling, mixing or use or the weather conditions before, during or after application, which may affect the performance of the goods, all conditions and warranties, statutory or otherwise, as to the quality or fitness for any purpose of our goods are excluded, and no responsibility will be accepted by us or re-sellers for any failure in performance, damage or injury whatsoever arising from their storage, handling, application or use. These conditions cannot be varied by our staff or agents whether or not they supervise or assist in the use of such goods.
